A sincere thank you to everyone who was able to come out to the Annual General Meeting for tsain-ko Corporation recently held at the Nation hall. We appreciate the time and effort you took to come out and learn about the work we are doing to build and expand on our economic development company, and the opportunities and outcomes we created over this past year and a half. I also want to thank the staff and management teams at each of the companies under the tsain-ko umbrella for the work they put into the AGM itself. We definitely set a new standard in transparency, open communication and community engagement. With employee teams from each of our companies and sectors - natural resources, land development & industrial - set up at tables throughout the hall, with information handouts and powerpoint presentations at the ready, there was someone available

for every question asked. It is so important for our community to stay up to date with our work and projects, so I encourage everyone to reach out to the tsain-ko staff if you have any questions, or if you would like to receive a copy of the annual report. Please visit the tsain-ko offices at Our House of Clans to pick one up, or email the staff at info@tsain-ko.com, and they can provide you with a digital edition.

As we look forward to 2025, the tsain-ko group of companies is poised to continue its growth, both in terms of revenues, career opportunities for Nation members, and support for shishalh Nation projects across multiple industries.

Ihe hiwus, yalxwemult, Chief Lenora Joe

Tsain-ko AGM Highlights

Our 2024 Annual General Meeting, held on November 7th at the Nation hall, was an opportunity for all of our community members to meet, learn, question and offer suggestions to all staff and management across all of the tsain-ko companies. In an effort to encourage conversations and sharing, our staff prepared a “tsain-ko World of Opportunity” Passport for every Nation member in attendance, with a stamp of appreciation earned for every company table visited. We so appreciate the willingness of our community to share in the fun, and spend some time with our team members! Below are some pictures from the AGM, and we look forward to sharing some of the feedback and ideas shared by our attendees in an upcoming Nation Builder.

Tsain-ko Staff News:

Employee Highlights & News

Our Human Resources Manager, Don Telan, was recognized in October with an outstanding honour: Don has been elected to the University Canada West (UCW) Senate as the Alumni Representative, for a 2-year period. UCW is the school where Don earned his MBA. This role gives Don a voting seat on the Senate (similar to a Board of Directors), bringing fresh insights and perspectives to help shape the University's strategic direction and focus. We're proud to have such a hard working, committed professional on our team. Please join us in congratulating Don for this well deserved appointment.

Please join us in welcoming Tracey Kelly to the tsain-ko team! Tracey has transitioned from working closely with the shíshálh Nation as Executive Assistant for Chief and Council. Her time with the Nation has been rich with experiences, from participating in language classes, cultural events, and professional development initiatives, to organizing inauguration celebrations and serving in two electoral officiator roles.

Tracey has deep roots on the Sunshine Coast, centered in ƛalpílin (Pender Harbour), as the granddaughter of Peter Dubois and Suzan Page and the great-granddaughter of Susan Jeffries. Her pride in her shíshálh heritage is evident, and she looks forward to continuing her journey within our community. We are excited to see the positive impact Tracey will bring to tsain-ko with her diverse skills and strong community ties.

Please join us in welcoming Everett August as our new Marketing and Communications Coordinator! On November 4th, Everett officially joined our team, and we are thrilled to have him. As a proud member of the shíshálh Nation, Everett brings not only a wealth of skills but also a deep-rooted passion for supporting our community's growth and success.

Everett recently graduated from Douglas College with a diploma in Marketing Management, where he mastered the art of digital marketing, e-commerce, and promotional strategy. With certifications in Social Media Monitoring, SEO, Content Marketing, and Digital Analytics, he's ready to elevate our marketing efforts to new heights.
